<NOTIFICATION> participation in Environmental Business Expo of Biwa Lake

RECYCLE ENERGY CO., LTD. will attend the upcoming “Environmental Business Expo of Biwa Lake” held in Shiga Pref. Nagahama Dome during Oct. 19th–21st.

The theme of this exhibition is “the solution to environmental problems on a global scale and to establish a sustainable society,” for which we keep carrying on our research day after day.

We will present in our booth the most cutting-edge oil-converting technology via panels, samples of the plastic raw material and of the cracked oil. With product catalogues given out, visitors can also talk and have questions with our staff.

We are looking forward to seeing you there.

Date: Oct. 19(WED.) to 21(FRI.), 2011

Venue: Shiga Pref. Nagahama Dome

Booth No.: E-09 (waste management & recycle zone)
